Welcome to SHARE!

If you've been recently diagnosed with breast cancer, or if you're a survivor, we're here to help you.

SHARE is a national nonprofit that supports, educates, and empowers anyone who has been diagnosed with women's cancers, and provides outreach to the general public about signs and symptoms. We are a compassionate community of knowledgeable survivors, women living with cancer, and healthcare professionals. We are ready to listen to your concerns, respond to your questions, and provide education to help you make sense of your diagnosis and treatment.

SHARE is dedicated to serving women of all races, cultures, backgrounds, and identities. Because no one should have to face breast cancer alone.

**SHARE is here for you
and all of our services are free.**

Here's how SHARE can help you:

Toll Free Helpline: 844.275.7427

Have any questions or concerns, or just want to talk? SHARE's trained Helpline volunteers have been diagnosed with and treated for breast cancer. We stay up-to-date on current research and treatments and are here to listen. We answer seven days a week.

Breast Cancer Educational Programs & Webinars

SHARE's educational programs are designed to give you the information you need to understand your diagnosis, treatment options, and ask good questions. Experts in breast cancer treatment, research, wellness, and mental health share their knowledge and address your concerns.

Breast Cancer Support Groups

Share your thoughts and feelings in support groups, led by specially trained facilitators who have personal experience with breast cancer. In groups that include women who are newly diagnosed, those experiencing a recurrence and those who are post-treatment, we support each other, and share tips, laughter, and tears.

Breast Cancer Online Community

You can also check out our online community where you can post a question whenever you have the time or need.
